

# Unelaul Lullaby

Uni, uni  
uue kuue annab,  
hommikuni  
sind ta kätel kannab  
nagu vagus  
vaikse mere vesi.  
Uni magus  
tundub nagu mesi.  
Uni puhub  
kurvad mõtted meelest,  
uni uhub  
kurjad sõnad keelelt.  
Uni tuleb  
tasa nagu lumi,  
uni suleb  
uksed koidikuni.

Suleb uksed,  
suleb aknad.  
Puud ja põõsad -  
kõik on vakka.  
Magab maja,  
tukub tuba,  
tudub kaja,  
uinub uba,  
tuulgi uinub...  
kell ei tiks...  
Ainult, ainult  
süda tuksub...

It's sleep  
that will give you a new robe,  
till morning  
it will carry you in its arms,  
like the silent waves  
of a calm sea.  
A good sleep  
tastes sweet like honey.  
It will blow  
all worries away,  
it will wash  
bad words from one's mouth.  
A good sleep  
comes silently like snow,  
shutting the doors  
till dawn.

It shuts all doors  
and windows.  
All trees and bushes  
are quiet.  
The house is sleeping,  
the room is sleeping,  
the echo is sleeping,  
the light is sleeping,  
and so is the wind...  
the clock is not ticking...  
Only the heart is beating...
